SERIES

NexLog EXP-M

The NexLog EXP-M recorder is the ideal portable recording solution for rugged applications. NexLog EXP-M captures and stores critical voice communications in harsh, remote, and off-grid environments.

With easy-to-use interfaces for audio replay, audio export, and system configuration, the *NexLog EXP-M* recorder is based on Eventide's highly reliable *NexLog DX-Series* recording software.

Use Cases

- Mobile Incident Command Vehicles
- Portable Incident Management Centers
- Fireground Command
- Police and Fire Vehicles
- Trains and Railway Networks
- Cargo Ships
- Remote Shelters
- Portable Carrying Cases
